The following information has been provided by the "High Council for Human Rights of the Judiciary of the I.R. of Iran" and the "State Prison and Security and Corrective Measures Organization":

**Mr. Sayed Hossein kazemeyni Boroujerdi** was arrested on charge of acting against internal security of the State including creating disturbance and perpetration, performing destructive actions, encouraging and stimulating the use of weapons, arson and damaging the public property and beating citizens.

After due process and hearing the defenses of the defendant and his lawyer, Mr. kazemeyni was sentenced to 11 year imprisonment. Subsequently, the issued verdict has been confirmed by the Appeal Court.

Right now, he is serving his sentence in Evin prison in Tehran and the alleged issuing a new death verdict is untrue and refuted.

He also enjoys all the health facilities and welfare privileges, telephone access to contact outside the prison and meets his family weekly and privately.

To be examined and complete the treatment, he has also been sent to city hospitals (one time to the Taleghani Hospital and four times to Shahid Modares Hospital) and according to the last examination done by the prison's physician, no special health problem has been reported.

With regard to the information above-mentioned, it is expected the communication sent by the office would be clarified.
